

Supermarket Freezer

NEWS

Elcold is now introducing a range of Display Freezers, perfect for Supermarkets. The FSM freezers have a classical and solid construction. They are supplied with bumper-bars to protect them from supermarket trolleys. The freezers have a very large display area which provides the customers a perfect view to the products.

The freezers can be set up in a back-to-back solution, combined as an Island or used as "Stand alone" freezers.

FSM 150

FSM 200

Control panel include: thermometer and indicator for power, superfreeze, and alarm.

Heated Frame to reduce condensation and ice build-up.

Adjustable feet as standard. Upon request the freezers can be supplied with castors.

Supermarket Freezer

The FSM 250 freezer is a twin freezer with two separate freezer compartments. The compartments can run different temperatures and the settings are controlled by the Twin Controller.

The FSM 150 and FSM 200 have two compressors each but are controlled by one common thermostat.

	FSM 150	FSM 200	FSM 250
